An Introduction to Domestic Abuse

This briefing provides an overview of the prevalence, nature and impact of domestic abuse. Delegates will learn the indicators of domestic abuse and basic elements needed for responding; referral pathways and signposting support.

Domestic Abuse and Coercive Control

This briefing enables delegates to recognise coercive control, understand the coercive control offence and respond appropriately.

Domestic Abuse and Multiple Disadvantage

This briefing explores domestic abuse, mental health and substance misuse, enabling participants to identify good practice responses to survivors experiencing multiple disadvantage.

Domestic Abuse and Vulnerable Adults

This briefing provides an overview of additional considerations for supporting survivors who are also vulnerable adults. The content can explore the following elements depending on your requirements: domestic abuse experienced by vulnerable adults, indicators and impact of domestic abuse on vulnerable adults, responding and supporting vulnerable adults.

Domestic Abuse in Same Sex relationships

This briefing provides an overview of domestic abuse in LGBT+ relationships, the impact and the additional barriers to accessing services. Delegates will learn the indicators of abuse in same sex relationships and the correct referral pathways and services.

Additional risk considerations for LGBT+ survivors

This briefing explores some of the additional risk considerations for LGBT+ survivors of domestic abuse and teaches delegates how to complete a risk assessment form for an LGBT+ survivor.

Domestic Abuse, Stalking and Harassment Risk Identification Checklist & The Multi-Agency Risk Assessment Conference

This briefing explores the risk associated with domestic abuse. It introduces the DASH RIC assessment tool and good practice skills for completing. It also provides an overview of MARAC process, its purpose and how to refer.

Bespoke Sessions

Can't see what you're looking for? We are able to tailor these to meet your needs. Please do get in contact and discuss your requirements with us in more detail.

Equation trainers have a wide range of working experience and knowledge on domestic abuse and related issues: this includes working with adults and children experiencing domestic abuse, managing services for men experiencing domestic abuse and working with perpetrators.

Costs are fully tailored based on your organisation's requirements. For guidance, a full day session for a group of 22 delegates would usually cost £950.

Please enquire for a full consultation of your needs.
